

Statewide Town Hall Forums

It's get-the-word-out time for the Green Jobs/Green Homes campaign! We've been planning amongst ourselves for too long...

On April 16, the Capital Region Apollo Alliance will host the Center for Working Families at a town hall forum to kick off a statewide town hall tour organized by the Working Families Party, in conjunction with the Center for Working Families, New York State Apollo Alliance and Sierra Club – Atlantic Chapter. The goal is to highlight the Green Jobs/Green Homes plan for interested citizens and members of the media.

Below is the list of event dates and details – we'll be updating this regularly.*
