

## **WFP PERFORMANCE IN THE NOVEMBER 2002 ELECTION PRELIMINARY SUMMARY**

- The NYS Board of Elections official returns are in – **90,533 votes were cast on Row H for McCall, 94,590 on Row H for Spitzer, and 90,351 on Row H for Hevesi.**
- The votes the Working Families Party received for Carl McCall on its line represent a **doubling of our share of the total vote from 1998.** In 1998 the WFP was 1% of the total vote, 3.3% of Vallone's vote. This year, the WFP vote was 2% of the total vote, 6% of McCall's total.
- In 2000 the WFP received 102,360 votes for Clinton, and her votes totaled 3.7 million. In 2002 the WFP's **90,533 votes were won while McCall received a total of 1.5 million votes, 2.2 million less votes than were cast for Clinton.** Furthermore, turnout was two thirds of what it was in 2000.
- The Right To Life, Liberal and Green Parties loss their official ballot status, **making the WFP Row E on the ballot,** and making the WFP safe from being squashed between Marijuana Reform Party candidates and Libertarian candidates for the next four years. **WFP votes were more than the votes of the Liberal Party and the Green Party combined.**
- Every other minor party's votes decreased from 1998, except for Independence and Working Families. **The Conservative Party – only minor party besides the WFP and Independence Party to remain on the ballot – seems to be facing a downward trend.** In 1998 the Conservative Party received 348,727 votes, 191,141 in 2000 and 176,848 in 2002.
- Compared to 1998, WFP's vote total went up in every county. Almost half of the 62 counties doubled in vote. **Broome County showed the biggest increase from 1998 votes, receiving 5 times more votes on the WFP line than were received in '98** (from 270 votes to 1363).
- WFP votes in 7 counties increased from our 2000 showing. No county showed such dramatic increase as Monroe County. **Monroe increased its votes by a whopping 37%.** In 2000, WFP votes in Monroe were 1818. **In 2002, WFP votes in Monroe were 2485.**
- **In New York City, the 53,557 votes cast on Row H were 3.9% of the overall vote, 7.3% of McCall's total.** The WFP's best showing in NYC, in terms of absolute votes and percentage of turnout, was in 52<sup>nd</sup> Assembly District in Brooklyn (Millman). There, the WFP received 4365 votes, 13.94% of the total vote.
- The down ballot changes in the WFP vote deserve special research and analysis, as does the effect of the mail program, canvass program, poll site election work and more.
